Recommendations for Immediate Medical Care

Remove all residual matter if possible. Product is likely to contain naturally-occurring microorganisms, so any exposed open wounds or mucous membranes should be decontaminated appropriately. If swallowed, material in stomach should be removed with lavage or activated charcoal as soon as possible, under medical supervision.

SECTION 5: Fire-Fighting Measures

Suitable Extinguishing Media: Water spray, dry chemical, CO₂, foam

Specific Hazards Arising from this Substance: Product is not flammable. However, heating of the product may produce steam, which may present a burn hazard.

Recommendations for Firefighter Protective Equipment: Firefighters should wear self-contained breathing apparatus, operated in positive-pressure mode, as well as appropriate protective clothing.

SECTION 6: Accidental Release Measures

Personal Precautions: Wear gloves, work clothes, and eye protection.

Emergency Procedures: Spill area should be evacuated.

Methods of Containment: Contain spill with sand dikes, sawdust, or a physical barrier.

Cleanup Procedures: Spilled material may be mopped up or absorbed with a suitable absorbent. Collected liquid and used absorbent should be transferred to appropriate containers. It should be disposed of according to local regulations. It may be disposed of as organic waste.

SECTION 7: Handling and Storage

Precautions for Safe Handling: Protect open wounds from contact with product. Avoid splashing.

Conditions for Safe Storage, Including Incompatibilities: Store indoors at ambient temperature. Store in original container. Keep away from children and pets. Store below 120°F where possible.

Further Information: Use good personal hygiene practices. This substance is made from natural products, and is likely to contain naturally-occurring microorganisms. Take proper precautions to avoid infection of open wounds, and eye irritation. Hygiene practices necessary to prevent health hazards from natural substances such as soil should be observed. After handling product, hands should be washed with soap and water before eating, drinking, smoking, or using toilet facilities.
