

U.S.VERMAX

SAFETY DATA SHEET

SECTION 1: Identification

Product Identifier: U.S.Vermax
Manufacturer's Address: Titasa USA LLC 3314 SOUTH BURNSIDE AVENUE GONZALES, LA, 70737.
Manufacturer's Phone Number: +1-225-828-7510
Emergency Phone Number: 911
Recommended Use: As a fertilizer or soil amendment.

SECTION 2: Hazard Identification

Acute Toxicity, Oral – Category 5 Target Organ Toxicity, Acute – Respiratory – Category 3	
Signal Word: Warning	
<p align="center">Pictograms</p> 	
<p align="center">Hazard Statements</p> <p>H303: May be harmful if swallowed. H335: May cause respiratory irritation.</p>	
<p align="center">Precautionary Statements</p> <p>P102: Keep out of reach of children. P103: Read label before use. P312: Call a POISON CENTER or doctor/physician if you feel unwell.</p>	

SECTION 3: Composition Information

Trade Secret	100%
Total	100%

SECTION 4: First-Aid Measures

INHALATION: Remove to fresh air immediately. If victim is not breathing, give artificial respiration. If symptoms develop, seek medical attention.
SKIN CONTACT: Flush skin thoroughly with clean water. If irritation occurs, seek medical attention.
EYE CONTACT: Remove contact lenses. Flush affected eye(s) continuously for 15 minutes with clean water. If irritation or other symptoms develop, seek medical attention.
INGESTION: Drink plenty of water. Do not induce vomiting. Seek medical attention. Never give anything by mouth to an unconscious person.
Symptoms of Exposure

Skin contact may produce skin irritation. Eye contact may produce eye irritation. Ingestion may be harmful.
Recommendations for Immediate Medical Care
Remove residual material.

SECTION 5: Fire-Fighting Measures
Suitable Extinguishing Media: Water spray, dry chemical, CO ₂ , foam
Specific Hazards Arising from this Substance: Product is not flammable. Extreme heat may produce steam, which may present a burn hazard.
Recommendations for Firefighter Protective Equipment: Firefighters should wear self-contained breathing apparatus, operated in positive-pressure mode, as well as appropriate protective clothing.

SECTION 6: Accidental Release Measures
Personal Precautions: Wear gloves, work clothes, and eye protection.
Emergency Procedures: Non-essential personnel should be evacuated from spill area.
Methods of Containment: Contain spill with sand dike, sawdust, or physical barrier.
Cleanup Procedures: Spilled material may be mopped up or absorbed with a suitable absorbent. Collected liquid and used absorbent should be transferred to appropriate containers. It should be disposed of according to local regulations. It may be disposed of as organic waste.

SECTION 7: Handling and Storage
Precautions for Safe Handling: Protect open wounds from contact with product. Avoid splashing.
Conditions for Safe Storage, Including Incompatibilities: Store indoors at ambient temperature. Store in original container. Keep away from children and pets. Store below 120°F where possible.
Further Information: Use good personal hygiene practices. This substance is made from natural products, and may contain naturally-occurring microorganisms. Take proper precautions to avoid infection of open wounds, and eye irritation. Hygiene practices necessary to prevent health hazards from natural substances such as soil should be observed. After handling product, hands should be washed with soap and water before eating, drinking, smoking, or using toilet facilities.

SECTION 8: Exposure Controls / Personal Protection			
OSHA PEL NDA	ACGIH NDA	TLV NDA	Other Exposure Limits NDA
Engineering Measures: Store indoors at ambient temperature. Store only in original container.			
Eye Protection: Safety glasses or safety goggles should be worn where eye exposure is likely.			
Hand Protection: Any appropriate water-proof gloves.			
Skin and Body Protection: Normal work clothing.			
Respiratory Protection: None required.			
General Protective and Hygiene Practices: Appropriate local ventilation, where required. Open wounds should be kept clean and protected. After handling material, wash hands before eating, drinking, smoking, or using restrooms. Keep away from foodstuffs and beverages.			

SECTION 9: Physical and Chemical Properties
Physical State: Solid
Appearance: Brown granules.
Odor: Earthy. Possibly ammonia-like.
Odor Threshold: NDA
pH: NDA
Melting/Freezing Point: NDA
Boiling Point/Range: NDA
Flash Point: NDA
Evaporation Rate: NDA

Flammability (solid, gas): NDA
Flammability or explosive limits:
Upper: NDA
Lower: NDA
Vapor Pressure: NDA
Relative Density: NDA
Solubility: NDA
Partition coefficient; n-octanol/water: NDA
Autoignition Temperature: NDA
Decomposition Temperature: NDA
Viscosity: Solid.

SECTION 10: Stability and Reactivity
Reactivity: Inert.
Stability: Stable under normal conditions.
Conditions to Avoid: Keep away from open flames, hot surfaces, and sources of ignition.
Incompatible Materials: Strong acids, strong bases, strong oxidizers, strong reducing agents, water-sensitive materials.
Hazardous Decomposition Products: CO ₂ (carbon dioxide). CO (carbon monoxide).

SECTION 11: Toxicological Information
Likely Routes of Exposure: Possible routes of exposure include eye contact, skin contact, or ingestion.
Effects of Exposure: NDA
LD₅₀: NDA
Description of Symptoms: NDA
NTP/IARC Carcinogenicity: NDA

SECTION 12: Ecological Information
Ecotoxicity: NDA
Biodegradation: Product is a natural material, and will biodegrade.
Octanol-Water Partition Coefficient: NDA
Bioconcentration Factor: NDA
Other Adverse Effects: None.

SECTION 13: Disposal Considerations
For safe handling practices, see Section 8.
Disposal Containers: Material should be disposed of in its original container, where possible. If original container is not available, material may be disposed of in any suitable waterproof closed-top container.
Disposal Methods: Material may be disposed of as organic waste, according to state, local, and federal laws.
Properties Affecting Disposal: If material is treated with any chemical agents prior to disposal, the disposal guidelines in the treating chemical's Safety Data Sheet should be followed.
Special Precautions for Landfill or Incinerator Disposal: None.
Do not dispose of waste product in sewers, storm drains, lakes, ponds, streams, or other bodies of water.

SECTION 14: Transport Information
UN Number: Unknown
UN Proper Shipping Name: Liquid Yucca Extract
Transport Hazard Class(es): None
Packing Group Number: N/A
Environmental Hazard(s): None

Guidance on Transport in Bulk: Product may slosh during shipping. Large containers should be secured for shipping.

Special Precautions: Product may slosh during shipping.

SECTION 15: Regulatory Information

No special regulatory information.

SECTION 16: Other Information

Date Prepared: August 15, 2017

Last Revision: May 25, 2018

Prepared By: Matthew Banks, Chief Science Officer
