About U.S.Vermap:

- U.S.Vermap is an OMRI certified organic liquid fertilizer derived from fortified worm casting extract.
- U.S.Vermap is ideal for re-establishing bacterial populations in depleted soil, which improves nutrient mobility and soil texture for healthier, more resilient plants.
- Children and pets can play on the treated area as soon as application of this product has been completed.
- U.S.Vermap can be applied to flowers, fruit, vegetables, ornamentals, turf, tree and vine crops, field crops, row crops, trees, etc.

Mixing Instructions:

When mixing with water, fill container halfway, then add product and the remaining water.

Gallon Mix: While agitating the solution add 3 fluid ounces of U.S.Vermap to 1 gallon of water.

Tank Mix: While agitating the solution, add 1 gallon of U.S.Vermap to 50 gallons of water.

Directions For Use: Shake well before use. Do not store diluted.

Shelf life is 2 years from date of purchase.

Application Rates

Apply 50 gallons of U.S.Vermap mixture per acre. (40 ounces per 1,000 ft²)

Agricultural: Use the U.S.Vermap tank mix instructions and apply before planting season and throughout the growing season as needed.

Germinating Seeds: Use the U.S.Vermap gallon mix instructions, and apply after you have your seeds sown. If seeds need to be soaked, use the U.S.Vermap mixture.

Turf/Lawn: Use the U.S.Vermap tank mix instructions and apply monthly during growing season and again in late fall.

Nursery/Greenhouse: Use the U.S.Vermap gallon mix instructions and apply as if regularly watering up to four times a year.

House/Individual Plant: Use the U.S.Vermap gallon mix instructions and apply monthly at the rate you would regularly water your plants
