

# Titasa Ver-G

Composted and pasteurized poultry manure. An excellent source of slow-release organic nitrogen, as well as phosphorus, potassium, and calcium. Rich in organic matter. Because its nitrogen is organic, Titasa Ver releases its nitrogen over a long period, steadily feeding plants. This also means it has a very low potential to burn plants through overnitritication, or to pollute runoff.

## About Titasa Ver-G:

- Titasa Ver is a general-purpose granular organic fertilizer.
- It's an excellent source of organic matter, carbon, and NPK nutrients.
- Titasa Ver is easily broken down, so it's readily absorbed by plants. It also stimulates soil microbes, improving soil health.
- An excellent general-purpose organic fertilizer.
- Has a low burn potential.

## Application Rates

**Initial Application:** Apply up to 1,750 pounds of Titasa Ver per acre. (40 Pounds applied per 1,000ft<sup>2</sup>.)

**Established Application:** Apply up to 875 pounds of Titasa Ver per acre. (20 pounds applied per 1,000ft<sup>2</sup>.)

**House Plants:** 4" pot: 1 oz of Titasa Ver, 6" pot: 1.5 oz of Titasa Ver, 8" pot: 2 oz of Titasa Ver, 12" pot: 3 oz of Titasa Ver and water after application.

**Cool Season Grass:** Apply 2lb/100 ft<sup>2</sup> of Titasa Ver in the early spring. Reapply in the late fall.

**Warm Season Grass:** Apply 3 lb./100 ft<sup>2</sup> of Titasa Ver in the early-mid spring. Reapply 2lb./100 ft<sup>2</sup> in late summer.

**Garden:** Apply 3-5 lb. of Titasa Ver prior to planting. Water after Titasa Ver has been applied. Reapply in one month or as needed.

**Flower Bed:** Apply and plant after last frost in spring. Apply up to 1 lb./10 ft<sup>2</sup> of Titasa Ver to flower bed and water after application. Reapply as needed.

**Trees:** Apply 2 lb./inch of trunk diameter of Titasa Ver in early spring and reapply in late fall under the canopy of the tree.
